

Skinning Knives & Fleshers

CARIBOU

Caribou Knives are made from Swedish surgical stainless steel. These knives are heat-treated to obtain the best combination of hardness and durability. This is important in the blades ability to hold an edge. If it is too hard, it is hard to sharpen, if too soft it won't hold an edge. Caribou knives are a quality product made in Canada and are fully guaranteed for quality workmanship and edge holding ability.

Small Mink

Cat # 0511 \$20.95 ea.

Small Skinner

Cat # 0512 \$24.95 ea.
